SAN FRANCISCO BAY AREA

THE BAND

Second Wave is five Bay Area musicians who came up on 90s alternative radio and the rock that ruled the 2000s — and never looked back.

We play the songs that defined a generation of guitar music: 90s alt-rock, 2000s radio anthems, and the new-wave classics that started it all. Live, loud, and danceable — no backing tracks, no shortcuts. Just guitars, hooks, and a rhythm section that locks in.
